

2017 SCHEDULE OF CREW TRAININGS OFFERED at SEA

SEA is accepting pre-registrations for STCW training classes, open to mariners, aspiring mariners and Outdoor Educators interested in advancing their knowledge and skills. These USCG approved courses are being offered to SEA Faculty, Staff and Crew as well as other interested Mariners and Outdoor Educators.

If you are interested in pre-registering or have any questions about these course offerings, please contact us at crewtraining@sea.edu.

SEA is offering a 10% discount on course tuition to crewmembers of Tall Ships America member vessels and members of US Sailing Association

I. Leadership and Managerial Skills:

LMS course covers the principles of leadership and management in a shipboard environment. SEA's LMS course meets the STCW requirements of 46 CFR 11.305 – 11.333.

Through lectures, discussions of case studies, and hypothetical situation exercises, the learning objective for this course is to provide watch officers with a practical understanding of leadership and teamwork as applied to resource management, task and workload management, and decision-making techniques – as per the guidance of the STCW code “Application of leadership and team working skills of Table A-II/1” and the “Use of leadership and managerial skills” of Table A-II/2, as amended.

Class Dates:

2017: November 27 - December 01

III. Bridge Resource Management (1600 Tons):

BRM provides training to mariners seeking an STCW endorsement at the management and operational (Master/Mate) levels.

Class Dates:

2017: December 14 -16

IV. Basic Training (previously known as BST):

Basic Training consists of four modules, and is designed to satisfy the basic training and familiarization requirements of STCW.

These modules include:

- a. 12-Hour Personal Survival Techniques
- b. Fire Prevention and Fire Fighting
- c. 4-Hour Personal Safety & Social Responsibilities
- d. 8 Hour First Aid & CPR

BT modules are offered at SEA, with the exception of Fire Prevention and Fire Fighting, which is taught at New England Maritime.

Class Dates:

2017: December 14– 18

II. Wilderness First Responder (WFR) / USCG Medical Care Provider:

The Wilderness First Responder program is the ideal medical training for leaders in remote areas including outdoor educators, guides, military, professional search and rescue teams, researchers, and those involved in the marine environment disaster relief. The curriculum is comprehensive and practical. It includes the essential principles and skills required to assess and manage medical problems in isolated and extreme environments for days and weeks if necessary.

This Medical Care Provider course is also approved by the USCG to satisfy the Medical First Aid training requirements of 46 CFR 12.13-1: and the competency to apply immediate first aid in the event of accident or illness on board of Section A-VI/4 and Table A-VI/4-1 of the STCW Code, as amended.

Class Dates:

2017: December 07 – 13

V. Wilderness First Responder- Recertification Course (WFR- Recert):

The Open Recertification course is open to graduates of all wilderness medical training courses of 64 hours or longer with a current Wilderness First Responder certification. Successful graduates of this course will receive Wilderness Medical Associates' Wilderness First Responder, re-certification.

Class Dates:

2017: December 02 - 04

***To Register for SEA Crew Training sessions: Please contact the SEA Marine Department at crewtraining@sea.edu**

100% attendance is required for USCG approved courses to be eligible for a course completion certificate

Prices include housing in the cottages on the SEA campus and lunch each training day held at the SEA campus.

Current SEA Faculty, Crew and Staff may inquire about tuition assistance for these trainings

We hope to see you in Woods Hole!
